- Stay connected with reliable, high-quality service
- Get unlimited local and domestic long distance calling

your friend in the digital age[®]

Available to residential customers in Cox service areas. Cox Advanced TV: Cox TV Starter at a minimum, Cox Advanced TV receiver or CableCARD rental, and Digital Gateway required. If you own a one-way Digital Cable Ready (DCR) TV or other display device that is CableCARD[™] compatible, you may lease either a CableCARD or a Cox Advanced TV receiver in order to receive Cox Advanced TV. In order to receive Interactive TV services offered by Cox, such as the Interactive Programming Guide (IPG), On DEMAND, Pay-Per-View, and all Cox Advanced TV options, you must rent a Cox Advanced TV receiver. If you wish to rent a CableCARD in lieu of a digital receiver, you must obtain the CableCARD from Cox. CableCARD is a registered trademark of Cable Television Laboratories, Inc. (CableLabs[®]) and is used with permission. Cox does not charge extra for HD versions of standard-definition channels included in Cox Advanced TV subscriptions. An HD TV set and a Cox Advanced TV HD receiver or CableCARD[™] rental required in order to access most HD programming. Over a thousand free HD choices based on total number of HD program choices, including On DEMAND programming, available to Cox Advanced TV customers with HD service. Some On DEMAND programming costs extra. Monthly DVR service fee per DVR receiver applies. Number of digital outlets per household may be limited. Free cable on additional outlets limited to Cox TV Starter service with paid subscription to that service on primary outlet and limited to Cox TV Essential service with paid subscription to Cox TV Essential or higher service tiers on primary outlet. Cox High Speed Internet: Modem required for service. For best performance, use of Cox approved cable modem is recommended. Uninterrupted or error-free Internet service, or the speed of your service, is not guaranteed. Actual speeds may vary. PowerBoost is available only to residential customers with Cox High Speed Internet Preferred or higher services. PowerBoost temporarily increases download speeds for the first 18 - 22 MB of a file when extra bandwidth is available. PowerBoost is a registered trademark of Comcast Corporation, used with permission. The Cox Security Suite Powered by McAfee is included with your subscription to Cox High Speed Internet and will automatically terminate upon termination of your Cox High Speed Internet service. Cox cannot guarantee the intended results from the McAfee services or that the McAfee software will be error-free, free from interruptions or other failures. The McAfee services and features are subject to change. Not available for Apple users. McAfee is a trademark of McAfee, Inc. Cox Digital Telephone: Telephone modem (no additional cost to consumer) may be required. Modem uses household electrical power to operate and has backup battery power provided by Cox if electricity is interrupted. Telephone service, including access to e911 service, will not be available during an extended power outage or if the modem is moved or inoperable. Telephone service provided by an affiliated Cox entity. Not all services available in all areas. Some restrictions may apply. Fastest cable broadband ISP claim reprinted from www.pcmag.com, June 23, 2010, with permission. © Ziff Davis, Inc. All rights reserved. ©2010 Cox Communications, Inc. All rights reserved.

Don't take chances with your residents' entertainment.

Give them reliable service when your property becomes a Cox Digital Community.

COX Digital Community[®]

Give your community the digital edge. Order Cox now!

Get quality with Cox.

Property owners have to deal with a lot of things. So when you become a part of the Cox Digital Community, you're becoming part of a digital family. Our dedicated staff and award-recognized customer service will be there to help anytime you have a need, day or night, 24 hours a day, 7 days a week. If you have a question, we'll be there to answer it. When you choose Cox, you're choosing quality.

We know the industry and take pride in using the most up-to-date fiber-optic technology available. Our ongoing investment in the Cox network allows us to continually expand bandwidth capacity, keeping us at the forefront of innovation. Depend on our resilient, robust network to provide the very best in digital quality. Depend on Cox.

What you don't know may shock you.

When it comes to other providers, the equipment costs alone are shocking! Many of our competitors require additional receivers per television regardless of the service tier, have hidden programming costs, or require satellite dish installation—which in some cases can take up to several hours to complete. We understand that time is money and we want to save you both.

Better choice. More convenient.

On DEMAND gives residents access to hundreds of movies and thousands of shows all on their schedule. With FREE HD programming and optional DVR service with no additional equipment to buy - including an HD-capable DVR - they can rest assured that they will never miss their favorite shows! Plus, your residents will have access to many international channels. They get the most popular cable TV channels on as many TVs as they'd like, for no additional monthly cost and no need for bulky equipment on each TV. And, with our exclusive MyPrimetime® feature, TV's hottest shows are available FREE On DEMAND starting the day after they premiere. Get more with Cox!

First class Internet. Quality service.

When it comes to the Internet, Cox delivers every time. With download speeds as high as 50 Mbps, Cox High Speed Internet™ delivers speeds that are among the fastest in the industry, enabling your residents to get more of what they are into - faster! We've made lightning-fast Internet even faster with PowerBoost®, technology that provides an extra burst of speed when it's needed most. PowerBoost is there when your residents are uploading and downloading their biggest files like videos, picture albums, gaming and more. Best of all, it's FREE with our Preferred and higher packages.

And because security is so important to us, we provide Cox Security Suite Powered by McAfee™ to help keep your residents' computers safe, protected and virus free. They get AntiVirus, AntiSpyware, AntiPhishing, Firewall, Parental Controls, Identity Protection and most importantly, peace of mind.

We know you're busy, your residents are too! So we've made our installation process fast and friendly, giving our customers the confidence that they will be fully satisfied with our service. It's just one more way we make it easy to become part of a Cox Digital Community.

Don't worry – be happy.

We want to help you retain your residents and the best way to do that is by keeping them happy. Cox service bundles will do just that. Cox is the bundling expert with years of experience delivering the video, Internet and telephone services your residents want at the very best value. Your residents will also enjoy additional savings when they subscribe to two or more services from Cox. They'll be happy and you can relax knowing you've given them the very best value in entertainment and communications services.

Fiber-optics has been an extensive part of the supporting backbone of the Cox nationwide network for almost 20 years, allowing us to serve more than 6 million residential and commercial customers. Cox delivers superior reliability and the innovative, technologically advanced products and services your residents demand brought

to you by an Advanced Hybrid Fiber Optic Technology. You can enjoy more flexibility, simple installation, superior programming choices, lightning-fast Internet speeds and reliable phone service, all from Cox. Give your residents the very best in entertainment and communication services.

The difference is real. Your residents will hear and see it – and so will you.

What matters most is what matters to your residents. Attract and retain more residents with the commitment, service and reliability of Cox. Quality TV with abundant and FREE HD programming, reliable telephone service and fast, award-recognized Internet is exactly what Cox delivers and at prices they can afford.

So when you choose Cox, you can feel confident that you're getting a reliable communications provider who will be there to meet your resident's needs now and in the future. Happy residents equal happy property owners. Get the real deal with Cox.

Why property owners and residents want Cox:

- Locally managed Cox Digital Community team providing resident, community advertising and commercial leasing office services
- Adherence to strict telecom installation standards and equipment
- Advanced communications like On DEMAND and HD programming, faster download speeds, and low-cost reliable phone service
- Most popular cable TV channels on as many extra TVs as you'd like for no additional monthly cost
- FREE Cox TV Essential service on additional outlets
- MyPrimetime® - watch primetime shows FREE On DEMAND, the day after they premiere
- PowerBoost® - an extra burst of upload and download speeds
- FREE Cox Security Suite Powered by McAfee™
- Cox rated "Fastest cable broadband Internet Service Provider in the country" by PCMag.com 2010 reader speed tests
- No hassles, like signal interference from rain and wind

Why your community should be a digital community:

- Customized solutions designed to fit your community's needs
- Increased ability to attract and retain residents
- Innovative, technologically advanced products and services that will make your residents' lives easier, more convenient, and more enjoyable
